

Freddie Mac 10-Year TBA PC/Giant Exchange Eligibility and Prefix Library Update

In preparation for the opening of the Freddie Mac 45-Day to 55-Day PC Exchange process, we would like to emphasize that 45-Day, 15-Year, TBA-eligible PCs and Giant PCs that are 100% backed by 10-Year collateral will be eligible for exchange into a 10-Year TBA Uniform Mortgage-Backed Security (UMBS, CN prefix). A listing of the 45-Day securities that meet this eligibility criteria has been posted to the [Single Security Technical Resources](#) page.

Additionally, an updated version of the Freddie Mac Prefix Library is now available on the [MBS](#) page. Updates made since the last version have been detailed in the Change Control tab and highlighted directly within the library itself.
